

Welcome to our upcoming Academy Courses!

The InjectNow Academy is dedicated to providing practitioners in the aesthetic field with all the latest Anteis tools and techniques to optimally model, fill, smooth and rehydrate, to make their patients look and feel the best.

It is our pleasure to present you today our key opinion speakers from France, Canada and Belgium who will show you current trends, news, tricks and tips and discuss with you their experiences and their ways of treatment.

Budapest (HUNGARY) from June 29th to July 1st 2012

Dr. Benjamin Ascher is a Board Certified Plastic Surgeon, Lecturer and Clinical Assistant at the Paris Academy - France. He directs the "Clinique of Aesthetic Surgery IENA" in Paris since 1995. Being the founder of IMCAS congresses, he is its Scientific Director. IMCAS is the world leader in medical conferences dealing with the interface between Plastic Surgery and Cosmetic Dermatology. Dr. Ascher works extensively on research and clinical studies. He was the Director of the first University volumetry unit at the Henri Mondor University Hospital Center in Paris. He is in daily practice with all the updated aesthetic surgery procedures as well as cosmetic botulinum toxin, fillers, facial and body volumetric implants, suspending threads and body contouring. He is a member of the French Society for Aesthetic, Plastic and Reconstructive Surgery (SOCPRE), a member of the French Society of Aesthetic and Plastic Surgeons (SOFCEP).

Dr. Ghislaine Beilin is a renowned aesthetic physician from Paris and an international expert on radiofrequency, lasers, botulinum toxin, fillers and skin pigmentation. She founded the 1st laser center in Paris at the beginning of the 80's. She spends a lot of time with educating and consulting. Students at the Tarnier-Cochin Hospital in Paris will learn about the "Evaluation and control of techniques of injections and volume in dermatology and plastic surgery". At the University Hospital of Bobigny she taught "morphological and anti-aging medicine". In addition, Dr. Beilin worked as a consultant for famous industries companies such as L'oréal and also visiting consultant for the "French and Emirates hospital" in Abu-Dhabi, the "Merano Henri Chenot, medical spa" in Italy and the "Medical spa Xixuan" in Hangzhou-China. Finally, she is the author of "The light that rejuvenate your face", Anagramme editions.

Dr. Joan Vandeputte, MD (K.U. Leuven 1988), Fellow of the Collegium Chirurgicum Plasticum (Belgium) (FCCP) 1995, dipl. European Board of Plastic Surgery (dipl. EBPS) 1995, is a plastic surgeon in the A.Z. Oudenaarde (Oudenaarde General Hospital), Belgium and in private practice since 1995.

He is a full member of the Royal Belgian Society for Plastic Surgery. He was awarded the Prize of the Society (RBSPS) in 1995. He is a member of the International Society of Aesthetic Plastic Surgery (ISAPS). He has an interest in functional and aesthetic eyelid surgery, aesthetic facial surgery, facial reconstruction and body contouring. He lectured in plastic surgery meetings on these topics in Belgium, France, Scandinavia, Dubai, Singapore, India and Russia. His recent presentations at the First International School of Plastic Surgery and Cosmetology in Moscow 2010 and at IMCAS Singapore 2011 focused on aesthetic blepharoplasty and minimal eyelid ptosis surgery, minimally invasive brow lifting and brow volume enhancement, tensionless abdominoplasty and the various aspects of hyaluronic acid gel volume restitution in the face.

James Daniel, Marketing expert, is a physician and business consultant practicing medicine since 1993 in Canada.

He obtains the undergraduate science degree in chemistry and physics from the University of Western Ontario. From the Queen's University he received the medical degree (M.D.) and holds the Master's of Business Administration (M.B.A) from the prestigious Queen's School of Business. He is a clinical luminary as well as a business consultant to a variety of aesthetic, technology and pharmaceutical companies. Furthermore he served on a number of advisory boards and board of directors. His consulting interests focus on best practices, operations management, strategic analytics, business coaching/mentorship, business planning and execution.
